# Foreword

In these pages of the '72 BRIDGE we will try to present a true picture of Macon County High School and to show what our high school have meant to us. It will not be possible, however, to express the full extent of cooperative spirit found in the student body and the administration.

These have been good years for us, full of activity and accomplishment. We hope that this record of our senior year will give you as much pleasure as it gives us.

## Thomas Martin Adams, M.D.

Whose quiet strength and loyalty have been a source of constant inspiration to the students and faculty of Macon County High School, we, the Seniors of 1972 dedicate this edition of THE BRIDGE.

For years "Dr. Tom" has been a familiar figure at all campus athletic events. Since the varsity football program began in 1961, he has not been known to miss a home game. First on the field in the case of injury to a player, his is always a comforting presence. Academic and musical accomplishments also receive his recognition and serious appreciation.

Practicing physician, city councilman, involved and effective citizen, Dr. Adams is aptly described in the words of Shakespeare —

"His life is gentle and the elements so mix'd in him that Nature might stand up and say to all the world,  
'This is a Man'!"

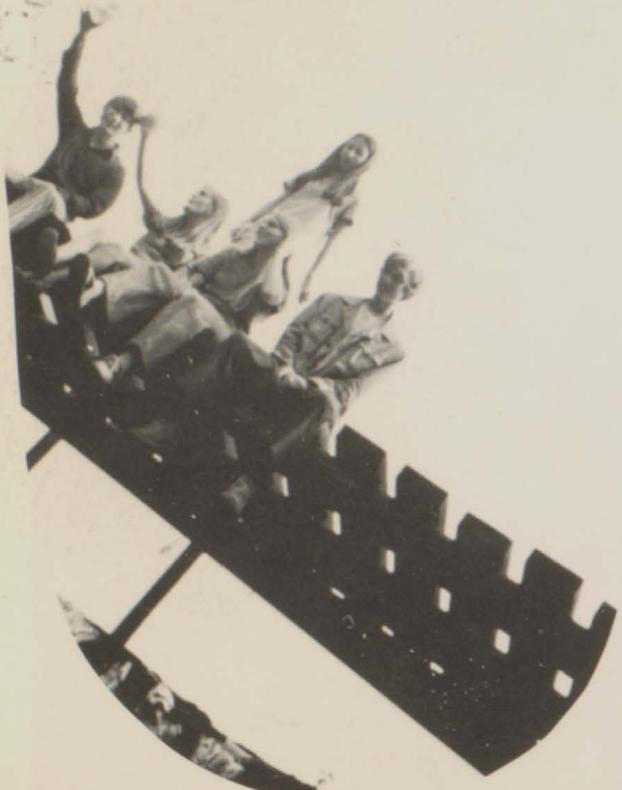

In good hands!

"Dr. Tom" is always  
Where  
The action is.
